WORK EXPERIENCE

Tim Hortons, Brampton, ON

(January 2024 – Present)

- Deliver friendly and efficient customer service, ensuring accurate and prompt order processing.
- Prepare and serve food and beverages according to established quality standards.
- Maintain a clean and organized workspace, adhering to health and safety regulations.
- Handle cash transactions accurately and balance the cash drawer during shifts.
- Collaborate with team members during peak hours to ensure smooth operations.

Software Developer Intern

(may 2021 – march 2022)

- Contributed to developing robust APIs using Node.js and React.js, enhancing system performance by 25%.
- Collaborated with cross-functional teams in an Agile environment to design scalable solutions.
- Debugged and optimized legacy code, ensuring compatibility with modern technologies.
- Conducted peer code reviews to maintain high-quality deliverables.

Projects

Property Rental Management App

Developed a comprehensive two-part application (Landlord and Renter App) for streamlined property rental management.

- Technologies Used: Kotlin, Firebase, ROOM Database
- Designed intuitive user interfaces for both landlords and renters to ensure ease of use.
- Implemented secure and real-time data handling using Firebase and ROOM.
