Job Title: Software Developer Intern/Co-op (Summer 2025)
Company: TD Enterprise Innovation
Location: Toronto, ON

About Us:
At TD Enterprise Innovation, we are at the forefront of transforming the financial services industry through cutting-edge technology. Our commitment to fostering an inclusive, progressive culture empowers individuals to achieve their best while driving impactful innovation. Join us and help shape the future of banking for the better.

Job Overview:
We are seeking a passionate and driven **Software Developer Intern/Co-op** to join our dynamic team for Summer 2025. This role provides a unique opportunity to work on real-world projects, collaborate with cross-functional teams, and develop innovative solutions that enhance our customer experience and operational efficiency.

Key Responsibilities:

- Collaborate with Agile teams to design, develop, test, and deploy high-quality software solutions.

- Write clean, efficient, and maintainable code in programming languages such as Python, Java, or Kotlin.

- Develop and maintain APIs and microservices using frameworks like Node.js and React.js.

- Participate in code reviews and contribute to best practices to ensure high-quality deliverables.

- Work on big data and AI-driven projects, leveraging tools such as TensorFlow and other modern technologies.

- Debug, troubleshoot, and optimize existing code to improve performance and scalability.

Qualifications:

- Currently enrolled in a Postgraduate or Undergraduate program in Computer Science, Software Engineering, or a related field.

- Strong understanding of programming languages such as Python, Java, Kotlin, SQL, or JavaScript.

- Familiarity with frameworks like React.js, Node.js, and tools like Android Studio or ROOM Database.

- Knowledge of Agile methodologies and Design Thinking.

- Excellent problem-solving skills and attention to detail.

- Strong communication skills and the ability to work effectively in a team.

Why Join Us?

- Hands-on experience with industry-leading technologies and tools.

- Opportunities to work on innovative projects that impact millions of customers.

- Supportive and inclusive workplace culture that values continuous learning and development.

- Networking opportunities with experienced professionals and mentorship programs.

Application Process: If you are ready to kick-start your career in software development and be part of a team that's shaping the future of banking, we want to hear from you. Please submit your resume and cover letter by [Application Deadline] to [Application Link or Email].
